The Wisconsin Waterfowl Association is dedicated to the conservation of Wisconsin's waterfowl and wetland resources.

Habitat Program

Our field restoration team is a leader in wetland and upland restoration through our historic-ecosystem based technique, which has received international attention and acceptance. Our top priority remains the restoration of Wisconsin's wild-life habitat, and to that end, we have restored thousands of project acres, throughout the state. We are also developing a long-term project in Abrams, WI to provide additional access for disabled hunters and other users.

Legislation

Our organizations has been a leader in working with the state Legislature to find solutions to the complex problems associated with waterfowl and wetlands issues. One of the most important of these is access to places to hunt and fish. In recent years, our staff has helped guide the drafting of the rules for use of the powerful Knowles-Nelson Stewardship Fund monies, ensuring that properties acquired with borrowed monies on behalf of the taxpayers, are appropriately open to a wide variety of uses, including fishing and hunting. We've also helped stave off an attempted re-allocation of state waterfowl stamp funds, to other purposes.

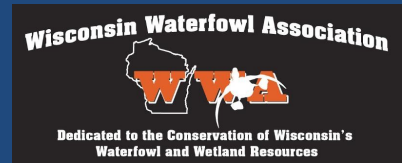

Education

WWA and its volunteers are active in many outdoor education outreach efforts. WWA was among a select group of four conservation groups in the state who were accepted into a 2011 test program designed to help expand participation in the WDNR Learn to Hunt program. WWA has been a leader in this program in the past, hosting the first ever "Learn to Field-Hunt Geese" program, and during the test program we were able to double the amount of WDNR Learn to Hunt waterfowl volunteer mentor teams/events. Our volunteer chapters do many other youth-related works in their respective areas of the state, including duck & goose-banding, invasive species collections, waterfowl education days, duck & goose calling instruction, and waterfowl identification instruction. Many of our local volunteer leaders are active in hunter safety programs as well, teaching the basics of being a safe, ethical, and responsible outdoors person.
