The Wisconsin Waterfowl Association is dedicated to the conservation of Wisconsin's waterfowl and wetland resources.

Waterfowl hunters progress through stages. First, they set about acquiring the knowledge and skills needed to successfully harvest ducks and geese. They grow into advocates for the wetlands and policies that support their outdoor passion. And finally, they seek to ensure future generations will benefit from similar outdoor experiences. The Wisconsin Waterfowl Association (WWA) was established as a 501(c)3 by hunters in 1984 to support waterfowlers in all aspects of this trajectory.

WWA, through its state-wide network of volunteer chapters and with its volunteer board and professional staff, fulfills three missions: (1) Restoring hydrology to impaired wetlands; (2) Advocating for legislative and policy issues important to waterfowling; and (3) Educating both novice and experienced waterfowlers on all things waterfowl. In its 36-year history, WWA has restored over 15,000 acres of wetlands, educated tens of thousands of waterfowlers, and enjoyed a track record of successful representation on issues important to the state's 73,000 waterfowlers.
